Bambach Saddle Seat®

How To Choose Your Cylinder Height

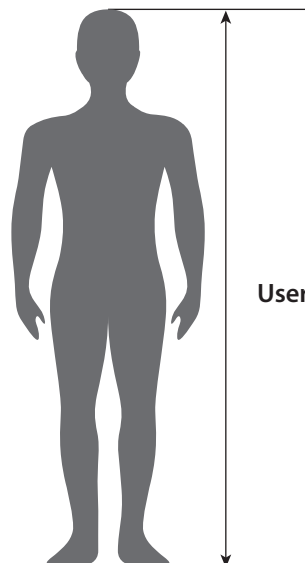

Short Cylinder: 5.5" (14cm)

User Height: 5' 2" and under

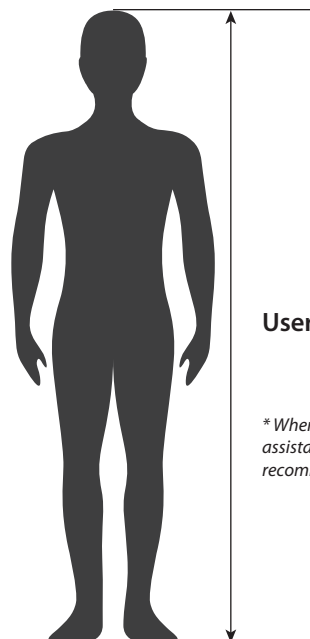

Medium Cylinder: 8" (20.3cm)

User Height: 5' 3" to 6'

Tall Cylinder: 10" (25.4cm)

User Height: 6' 1" and over

** When a foot ring is being used, such as with a dental assistant or drafting stool, a tall cylinder is typically recommended for most user heights*

Variations possible, intended as general recommendations only.
